What is Home Visiting?

Home Visiting is a voluntary, home-based service offered at no cost to the family. Caring and professional home visitors connect families to information and resources that support the health of babies and the entire family.

Home Visiting support can improve pregnancy outcomes and help families prepare for a new baby. Even after the baby is born, Home Visiting can help families learn about feeding, sleep, and how to keep their new baby safe and thriving.

New Life Counseling

We are here to help with your and your family's mental and behavioral health needs. We provide quality care in a warm and professional setting both in the office and virtually and offer faith-based counseling upon request. We are in-network providers with Medicaid, Medicare, and most Commercial Insurance plans and are accepting new clients!
